# BOBBY

by Eric Kuster

**The design of our BOBBY collection by Eric Kuster combines the elegance of round shapes with clean lines; it is an eye-catching combination in which the various elements are uniquely connected. The rectangular section of the door handle flows subtly, yet powerfully, into a rounded grip that is proportional to the horizontal plate that it is attached to. With every touch, the solid feel of steel transports you to elegance and luxury. The various shapes are simultaneously simple. In combination with the right materials, the BOBBY door handle is the perfect detail to any interior.'**
